17:25	Session Close, Announcements	Bolduc
18:30 – 21:30	Dinner and Awards - Sabino-Pima-Madera	

DRAFT

## Thursday, October 24 – SYMPOSIUM – Pima-Madera Room

### **Topic 1: Implementation of NAPPO Products**

Since 1976, NAPPO has adopted or implemented over 70 documents and activities, which include Regional Standards for Phytosanitary Measures (RSPMs); science and technology, discussion, position, and guidance documents; protocols; and workshops and symposiums.

The goal of this symposium topic is to learn about the purpose of the various NAPPO documents and activities, how they are being implemented, the successes and challenges of implementation by the three member countries and their stakeholders and discuss ways we can improve implementation looking ahead.

### **Topic 2: Reducing Methyl Bromide Through a Risk-Based Approach**

While methyl bromide has been an effective fumigant for controlling plant pests, it is also harmful to the environment. The three NAPPO member countries have been phasing out the use of methyl bromide through innovations and risk-based approaches.

In this symposium, we will explore the history of the use of methyl bromide, receive the latest updates on the NAPPO project on alternatives to methyl bromide, and learn about case studies on innovations in reducing methyl bromide use.

Time	Topic or activity	Speaker
6:30 – 8:30	Provided Breakfast + Networking – West Foyer/Terrace (Back-up - West Foyer/Sabino)	
9:00 – 9:10	Welcome, ground rules and objectives	Bolduc
	<b>Implementation of NAPPO Products</b>	
	Implementation of NAPPO products and the need for guidance	Puente
	NAPPO Standard Setting Process and Harmonization	Trujillo
	NAPPO Perspective – Successes and Challenges <ul style="list-style-type: none"> <li>• United States</li> <li>• Canada</li> <li>• Mexico</li> </ul>	
	Coffee/Tea + Networking – West Foyer/Terrace	
	Industry/Stakeholder Perspective – Successes and Challenges <ul style="list-style-type: none"> <li>• United States</li> <li>• Canada</li> <li>• Mexico</li> </ul>
