NAPPO Conference Call

Expert Group:	Forestry - Lymantriids	
Location:	Conference call	
Date:	March 30, 2015	
Chairperson	Lead – Rebecca Lee, NAPPO	
Participants:		
Marina Zlotina, APHIS	Gustavo González, SEMARNAT	Nedelka Marín-Martínez, NAPPO
Gerriker Cook, APHIS	Eduardo Jiménez, SEMARNAT	Steve Côté, CFIA
Summary		
Project 1:	Develop a NAPPO Science and Technology paper on the risks associated with Lymantriids of potential concern to the NAPPO region, identifying potential species and pathways of concern.	
Consensus:	Gerriker Cook will contact experts on existing work (e.g. Otis laboratory, Glen Fowler). Dave Holden may have information from Paul Sheffer. Mexico has no positive detections of Lymantriids. Southern and subtropical species should be looked at as possible threats.	
Next Steps		
Responsible Person	Action	Date
Gerriker Cook	Provide information on existing research.	April 1, 2015
Steve Côté	Request Dave Holden to look for existing information and possibly to prepare an outline for the S&T document, using existing NAPPO documents as examples.	April 24, 2015
NAPPO secretariat	Translate outline	May 1, 2015
Next Meeting		
Location:	Conference call	
Date:	May 4, 11am Mexico, 12 noon EDT.	

Proposed Agenda Items
1. Select EG chairperson.
2. Review existing information.
3. Review content outline.
4. Next steps.
