NAPPO Conference Call/Meeting Report

Expert Group:	RSPM 35	
Location:	Conference Call	
Date:	October 3, 2018 12:30-2:00pm	
Chairperson	Sarah Brearey (CFIA)	
Participants:		
Patricia Abad (APHIS PPQ)	Isabel Adaliz Celis Gonzalez (SENASICA)	Anna-Mary Schmidt (CFIA)
Maher Al Rwahnih (US)	Allison Gratz (CFIA)	Pat Shiel (APHIS PPQ)
Margarita Bateman (APHIS PPQ)	Bill Howell (US Industry)	Alonso Suazo (NAPPO)
Stephanie Bloem (NAPPO)	Shelah Morita (APHIS PPQ)	Nedelka Marin-Martínez (NAPPO)
Summary		
Project:	Review and Revision of RSPM 35: <i>Guidelines for the Movement of Stone and Pome Fruit Trees and Grapevines into a NAPPO Member Country</i>	
General comments:	The call followed the agenda below: <ol style="list-style-type: none"> 1. Welcome remarks from NAPPO/ selection of meeting rapporteur 2. 2018 NAPPO annual meeting 3. Review of pest tables (appendix 1 and 2) and discuss standardized headings 4. RSPM 35 – review of initial comments and identify areas of focus 5. Round table and next steps (assignments) 6. Next conference call 	
Item 1:	Welcome remarks from NAPPO/ selection of meeting rapporteur	
Consensus:	Meeting rapporteur is Margarita Bateman, APHIS PPQ.	
Item 2:	2018 NAPPO annual meeting (October 22-26, Arizona).	
Consensus:	Dr. Bateman will represent the group with a 10 min presentation on Objectives, Deliverables, Progress and Next steps for 2018. The presentation will be shared with the group on October 3. Action item: return with comments. Final version deadline is October 5, 2018.	

Item 3:	Review of pest tables (appendix 1 and 2) and discuss standardized headings	
Consensus:	Review of work done by group on Pest List Tables for Pomes, <i>Prunus</i> and Grapevine as assigned. Each sub working group (SWG) gave a brief status update. SWGs will share their draft pest lists with the rest of the group so that members can see what changes have been made and evaluate and proceed with next steps. Lists should be submitted to NAPPO Secretariat first, for translation and distribution.	
Item 4:	RSPM 35 – review of initial comments and identify areas of focus	
Consensus:	Mexico has provided comments; these will need to be translated. The US is not able to provide comments through Google Docs. Suggestion by NAPPO Secretariat to create word documents and use track changes. NAPPO Secretariat will then compile and translate the comments from each country. Decision to hold off on review until comments can be compiled and translated.	
Item 5:	Round table and next steps (assignments)	
Consensus:	Mexico- will need a member to substitute Oscar- arthropod list; USA will need a new member to substitute Kathy Kromroy for bacterial pathogens. Need volunteer from Mexico or Canada to work on Bacterial pathogens of Grapevines with Anna-Mary Schmidt. Will have a representative hopefully by next meeting.	
Next steps		
Responsible person	Action	Date
All	Review NAPPO PowerPoint presentation for Annual Meeting October 22-26, 2018 and return with comments.	October 3-4, 2018
Margarita	Send presentation and Bio of presenter by October 5 or no later than October 8 to allow for translator's review.	Oct 5 (Oct 8 at the latest)
All	Continue to work on the draft pest lists to share with secretariat and group; countries without a representative should select a new representative.	December 12, 2018
All	Share our draft pest lists with our group members. Revise and comment on RSPM 35 document and share with NAPPO Secretariat for dispersal to others in the group.	As soon as possible
NPPOs AMC representatives	Select new members for those countries who have lost subject matter experts.	TBD
